Music Instruction References

“What sets JS Music apart from other studios, is the sincere enthusiasm and love for music that transcends from teacher to student. The result is, I never have to force my sons to practice. They do it willingly, on their own and I know music will continue to be a big part of their lives.”

~ Lynda Gorges - September 2003

“Thank you so much for all the encouragement and support you have given Rob; he has really enjoyed his guitar lessons with you. We also appreciate your help with the purchase of his musical equipment.”

~ The Fellows Family - September 2003

“My four sons have all been students at JS Music Productions. Two of my sons have cut their own CD’s with their respective bands. John, their instructor, was instrumental in getting the recording time and worked with them in producing the CD’s.

John has been a major influence in each of their music careers. My boys have become great guitar players because of him... Thanks!”

~ David Gadke - September 2003
